Dear Valued Customers

We are very much thankful to you for your trust, Co-operation and interest in (us) **Aryan Technologies**.

**Please Update
Our New
Addresses in
Masters**

We are very glad to have **your esteemed organisation** in our client list. We would like to inform you that with your kind Co-operation and faith in us we have completed our successful six years in market. Since we can not spell success without "U"! We need your same support in future too.

During these years we have developed few more softwares in market. Keeping the new requirements and client needs we have made our Ultimate Business Solutions at ERP Level. This covers various features such as beginning from...

We have covered much more detail information in this corporate software such as...

- QC wise stock control in-connect to payment.
- Production Process wise Stock control i.e. every production detail with each process.
- Job-work chart from software – Employee's performance on production.
- ISO required reporting systems i.e. Supplier rating, Despatch performance, etc
- Sales / Purchases Analysis Report of Yearly/Monthly performance in comparison of multi years.

Our Developed Softwares in various fields

- ❖ **Follow-up Module** – Helps for marketing department for keeping the track of Follow-ups with client, covers auto email facility too.
- ❖ **Barcode Invoicing** – Generation of Barcode labels with Barcode data entry for Invoice / Challan.
- ❖ **Quotation Tracking Module** – This module is developed for Corporate Manufacturer – whose quotations are in more details with each product specification & literatures, the software will provide quotation in Word format.
- ❖ **Patient Track Module** – Specially for Doctors – to keep the track of each patient, kind of diseases, treatment given, history of patient, check-up details etc.
- ❖ **ON-LINE Softwares** – We have also made online Softwares, if you have multiple branches and you want your Ultimate Business system to operate centralised from any where. It is possible at a very reasonable cost.

We do project as per client requirement to meet their needs... we go an extra mile for the customers.

NOTE: Kindly update our new address in your master – with our PAN Detail
